

Company Profile

Seafood Processing & Export

B-One Business House Pvt. Ltd. is one of the leading seafood processing and export companies in the eastern part of India, incorporated in the year 2012. Since inception, the company has established a strong presence in the international seafood market by consistently supplying premium quality seafood products to customers across the globe.

Over the years, B-One Business House Pvt. Ltd. has successfully expanded its exports to major international markets including the USA, Canada, European Union countries, United Kingdom, Middle East, and Far East countries such as Japan, China, Vietnam, Malaysia, Thailand, and many others.

The company operates three modern seafood processing units with a combined production capacity of approximately 230 MT per day, comprising around 60% Block Frozen production and 40% IQF (Individual Quick Frozen) production. Two of the processing facilities are approved for exports to the USA and EU markets, while the third unit has been recently commissioned with state-of-the-art infrastructure and advanced processing technology to meet growing global demand.

In addition, the company is in the process of commissioning a modern Cooking Line facility, which is expected to commence commercial production very soon. This new addition will further strengthen the company's value-added seafood product range and enhance its capability to cater to the evolving requirements of international customers.
